It is open each Tuesday and Saturday from three to four o'clock for those who wish to secure books. Recently 65 new novels have been purchased and you can have access to all of them and several hundred other books for the small sum of only 25 cents for three months. In no possible way can you secure so much interesting and wholesome reading for so small an outlay. If you are not a subscriber you should become one at once.

Miss Lavenia Miller is in Nashville this week buying spring millinery for Reed & Burnett. The stock promises to be very complete and attractive.

Tuesday of last week the First National Bank here forwarded \$500 in currency to the Hamilton National Bank, Chattanooga. There was one \$100 bill in the amount and when the Chattanooga bank opened the letter the amount was \$100 short. They immediately wired the bank here of the shortage. Cashier Reed immediately notified Postmaster W. A. Hamby of the shortage. The bank here had insured the shipment in the Marine Insurance Company of London and the bank here notified them of the loss and filed claim for the amount. The matter has not been adjusted yet. The Chattanooga bank forwarded the envelope that contained the money to the bank here. In opening the letter the bank at Chattanooga clipped the end off the letter and did not interfere with the sealed flap. By holding the envelope up to the light the fact that the envelope had been tampered with could be plainly seen. If the thief is not detected he will be very fortunate.

Prepare for a bigger and better county fair this year than ever before. Begin now.

J. M. Tanner was over from Pleasant Hill attending court as one of a special panel. Mr. Tanner was for several years a member of the county court and was counted as one of its most steadfast and conscientious members. He is one of the most successful farmers of the Pleasant Hill neighborhood and is a strong believer in blooded cattle and better stock generally. He sold some of the finest cattle that were raised in this county last year as is clearly evidenced by the price of \$6,70 a hundred, when the top of the market seemed to be \$6.50.

Plans are on foot whereby the ball boys hope to be able to fence the ball park this spring, make the seating capacity larger and charge a small admission fee to see the games the coming season. It is not to be done with an eye to profit, but to secure funds to pay the necessary expenses of the team.

C. M. Ferris was over from the Pomona neighborhood Saturday. He is one of the thrifty farmers of that section. He reports stock looking well generally.

Mrs. F. J. Upham entertained at cards Thursday afternoon. There were four tables and the ladies playing besides the hostesses were: Mesdames Lelah DeGolia, Chas. Julian, Volner Hamby, J. T. Weaver, Geo. Taylor, S. C. Cline, A. W. Keyes, Nathan Lemert; Misses Ethel Keyes, Bessie Potter, Myrtle Johnson, Fannie and Lelah DeGolia and Eula Bishop. This will prove a real convenience for many farmers in this section of the county.

A few days bright weather last week improved the roads so much that an unusual number of people were in town Saturday. The attendance at the Reed & Burnett auction sale was large and many goods were sold.

Jas. Dayton was over from Pomona Saturday. He reports stock looking well in his neighborhood. Mr. Dayton is one of our best farmers. He is feeding several head of cattle, has plenty of grain to last till fall and more rough feed than he will need. He is another of our farmers who believes in deep plowing. The splendid crops he raises is the strongest possible argument in favor of his methods.

A Missouri woman advertises her husband as follows: "My husband, William Etikes, left my bed and board just before election day without just cause or provocation. All women are warned against boarding or trusting him on my account, as I will not be responsible for the results, as he is a loafer, a drunkard, a thief, a liar and a Bull Moose."

Some of his friends tell this one on Attorney John Duncan, of Concord. A few Sundays ago the Sunday school teacher at that place asked the class why the Hebrew children who were cast into the furnace at the order of the king were not burned; whereupon John replied that the country was under a democratic administration and the furnace was closed down.—Lenoir City News.

Mrs. Belle Knowles arrived from Chattanooga last week to pass some time with her parents, Mr. and Mrs. H. R. Webb.

A meeting will be held Friday by the committee appointed by the county court to investigate the advisability of buying a lime pulver for making crushed lime for our roads. Judge G. P. Burnett expects to go to Nashville today on legal business and while there will take the matter of freights up with the Tennessee Central railroad. The road has made an offer of certain prices for hauling the crushed rock to different stations in the county, but the feeling is that the price should be a flat one to any station in the county, unless it possibly be isolate, and that the minimum car capacity should be low to the end that farmers may always be sure of getting all they pay for, as there are no scales in the county for weighing in car lots. We hope to be able to give some definite results of the action of the committee next week.

Miss Susie Dunbar was here from Harriman to spend the week-end with her mother, Mrs. Susie W. Dunbar.

T. Z. Beadle, who has been here for some weeks visiting home folks, expects to return to Iowa next week. Mr. Beadle is much impressed with the progress that has been made in farming in this section the past few years and will very likely return here later to make his home, especially if immigration sets in so that there may be a reasonable prospect of this section seeing active development within the next few years. He has numerous friends here who will be glad for him to become a citizen again.

Mrs. Cora B. Keyes left Thursday for Knoxville to take up her work as a graduate nurse.

For the fourth time during the life of the institution a heavy fire loss was sustained by Grandview Normal Institute Monday night of last week. The fire was discovered about 11:30 and was of unknown origin. Fifty-three boys were in the building some of whom were on the third floor and escaped by means of rope ladders. All the boys are accounted for. Miss Clara Dole, matron of the building, was confined to her room with a sick spell and probably would have perished had her cries for help not been heard. As it was she was removed with much difficulty after the building became almost a raging furnace. The building was valued at \$8,000 and carried \$3,000 insurance. It will probably be rebuilt next fall.
